***The Message of the Lady of All Nations*, Amsterdam, 1971 (280):**

"There is not a shadow of doubt for anyone who takes the spiritual life of mankind seriously, even if he is short of authentic spiritual experience, that the Blessed Virgin is not an ideal only, not a mental image only, not an archetype of the unconscious (of depth-psychology), not, lastly, an occultistic *egregore* (a collective astral creation of believers), but rather a concrete and living individuality - like you or I - who loves, suffers, and rejoices. It is not only the children of Fatgima, the child Bernadette at Lourdes, the children of La Salette-Fallavaux, and the children of Beauraing in Belgium, who have witnessed the 'Lady', but also innumerable adults across the centuries, including our own. Numerous meetings still remain intimate and undivulged (I know of three series of such meetings, including one in Tokyo, Japan), but one series of meetings with the Blessed Virgin took place recently in Amsterdam in the Netherlands, where the Blessed Virgin manifested herself as the 'Lady of all nations' (*de Vrouwe van alle Volkeren*) and inaugurated a prayer-movement with a special prayer, with a view to saving all nations from 'degeneration, disaster and war' (*verwording, rampen en oorlog*). [Translator's note. The prayer revealed by the Blessed Virgin - the 'Lady of All Nations' - in Amsterdam on February 11, 1951, has been translated into English as follows:

'Lord Jesus Christ, Son of the Father, Send now your Spirit over the earth. Let the Holy Spirit live in the hearts of all peoples, That they may be preserved from degeneration, disaster and war. May the Lady of All Nations, who once was Mary, Be our

Advocate. Amen.' (Cf. *The Messages of the Lady of All Nations* Amsterdam, 1971)

I may add that I went to Amsterdam in order to make as scrupulous an investigation as possible, and the result of this investigation (confirmed subsequently by experiences of a personal nature) was complete certainty not only with respect to the authenticity of the experiences of the seer (a woman forty years of age) but also with respect to the authenticity of the *subject* of these experiences."
